If you want to donate with Bitcoin, you can send it to with this public key: 4G9wc5VQfMnKC7sHZzsU5Z4roT1PMN6wbPLa2pPf9XQNsMjmqF9qo2ZtSiq2UXk If you are having trouble making a donation through one of the above methods, you can make one with the account. ****UPDATE:**** Have you tried this eco project? Please note that some of the expenses and organisations of the project do not appear to be budgeted, but I cannot say for sure if they are or not. It's possible that the project is entirely philanthropic in nature, but if so, the creator has not included that information in their description. I have copied down the reported expenses from the image above. 82157476af
